Please Help students in clearing their backlogs sometimes it's not their fault

.

Faculty members are good at teaching

They explain and clear all the doubts of students but i hope they teach the main things

Which will help students in clearing syllabus easily

And I also think that we need some more types of events in our college so that students can also enjoy college life and will make this college life and this days memorable

I hope college will organise some fests and events to make this college look more cool.

Grow up towards greenery college

Include trips

Very good college

Placement issue in our collage

Very good college

Best college

Well!!

Teachers may engage in a bit more real life skills like ITR filling, using excel sheets case studies etc, not just limit themselves to syllabus. Modern teaching aids should be used, and more exposure should be provided to students by arranging field visits, management opportunities and organising guest lectures

Add College cricket team in university tournament

Plus deal with the it companies so that they can connect with for various opportunities like placement and internships etc.....
